LTSA Web Forms

User Guide

ProSuite™ v9.7 and LTSA Web Forms User Guide

Web Filing is the next generation of the LTSA's secure and reliable electronic filing system and the introduction of Web Filing Forms is one of several steps towards streamlining land title submissions. The first phase of Web Filing **was introduced in mid-February 2020** with the release of a selection of Web Filing Forms.

This Guide addresses only the features and functionalities available in ProSuite in relation to creating Web Filing Forms. It is strongly recommended that you familiarize yourself with the LTSA Web Filing service.

Glossary of Terms

“Package” – LTSA requires that a Package be created before any Web Filing Forms can be created. The Web Filing Forms are then held within the Package.

“Application” – The generic term used to describe the Web Filing Forms.

“Web Filing Form” – The document created at myLTSA that replaces the EFS PDF Forms previously used for electronic filing.

Overview

The Web Forms tab in ProSuite makes it quick and easy to create Packages and Applications and submit them to myLTSA in order to create the Web Filing Forms, saving you time by eliminating the need to rekey data.

This guide will show you how you can do the following using the Web Forms tab in ProSuite and our integration with myLTSA Web Filing:

- Create Packages and Applications at myLTSA in a single step
- Add Applications to existing Packages created through ProSuite at myLTSA
- Update an existing Package created through ProSuite at myLTSA
- Delete an existing Package and all associated Applications in ProSuite and at myLTSA in a single step
- Quickly jump to myLTSA to finalize, print, true up, and digitally sign Web Filing Forms

The Web Forms Tab

On the **Web Forms** tab you will see a section labelled **Package Details** and a section labelled **Applications**.

The Package Details Section

The Web Filing Form

Once your Package with included Applications, and you, arrive at myLTSA, you can proceed with completing the Web Filing Form.

Populating the Web Filing Forms

The majority of the data required for completion of each Web Filing Form will be entered into your ProSuite file and, in most instances, manual entry of data after the Web Filing Form has been produced will be very minimal. The exception to this rule is the PTT Form, which will require careful review and entry of data that is not in ProSuite. The tables below set out the sections of each Web Filing Form that are populated with data from your ProSuite file, and the data that populates them. The PTT Form table also contains additional important information on the functions of the form.

| Form A (Freehold Transfer) | |
|--|---|
| Section of Web Filing Form | Data from ProSuite File |
| <i>Applicant</i> | Your firm particulars |
| <i>Description of Land</i> | Parcel ID and Legal Description of all properties in your file |
| <i>Transferor</i> | Names of individual Sellers Names and Incorporation numbers of corporate Sellers |
| <i>Transferee</i> | Name(s), occupation(s), address(es) Tenancy, Fractional Interest of individual Buyers Name(s), incorporation number(s), address(es) Tenancy, Fractional Interest of corporate Buyers |
| <i>Transfer Details</i> | Transaction Type, Net Land Value, Define Consideration \$ and Other from the Land Value tab |
| <i>Execution</i> | Name(s) of Individual/Corporate Vendors |
| Note: If your file has multiple properties in it, only one Form A (Freehold Transfer) will be created at myLTSA and will contain all PIDs and Legal Descriptions. However, only data entered on the Land Value tab for the first property will be used to populate the relevant sections of the Form A (Freehold Transfer). | |

| Form B (Mortgage) | |
|--|---|
| Section of Web Filing Form | Data from ProSuite File |
| <i>Applicant</i> | Your firm particulars |
| <i>Description of Land</i> | Parcel ID and Legal Description of all properties in your file |
| <i>Borrower (Mortgagor)</i> | Name(s), occupation(s), address(es), Tenancy, Fractional Interest of individual Buyers/Borrowers Name(s), incorporation number(s), address(es), Tenancy, Fractional Interest of corporate Buyers/Borrowers |
| <i>Lender (Mortgagee)</i> | Name(s), occupation(s), address(es), Tenancy, Fractional Interest of individual Lenders Name(s), incorporation number(s), address(es), Tenancy, Fractional Interest of corporate Lenders |
| <i>Payment Provisions</i> | All relevant data entered on the Form B tab will populate the related sections of the Web Filing Form, with the exception of the Guarantor name(s), which populates from data entered on the Guarantors tab |
| <i>Interest Mortgaged and Floating/Security Details</i> | |
| <i>Mortgage Terms</i> | |
| <i>Execution</i> | Lawyer/Notary name, professional capacity, firm address details Individual or Corporate Buyers/Borrowers names |
| <i>Part 2 or Informational Document</i> | Use the Preview/Print Schedule button located on the Lenders tab to generate the schedule identified in the Define Schedule field on the Lenders tab. The schedule will be produced in an editable Word format and can be saved to your local system. Once saved, the schedule can be added to this section of the Form B (Mortgage) by dragging and dropping it from your file or by using the Choose PDF Files function. |
| Note: If your file has multiple mortgages in it, individual Form B (Mortgage) applications are created at myLTSA populated with the data relative to that mortgage. | |
